Learn English: Living Abroad and Degrees of Certainty

Student Writing Practice

Write about a time you traveled abroad. Where did you go? What did you do? If you have never traveled abroad, write about a time you traveled to a new city in your home country.

Write eight to ten sentences. Use degrees of certainty, intensifiers, and used to/use to.

Example:
My friends and I traveled to South Korea for a vacation last year. Before this trip, I used to be afraid of traveling. It was a short trip, but it was so much fun. South Korea was such a beautiful country, with many interesting customs. We got to see some famous and historical places. They were mostly in the capital city, where there were too many people. Kimchi was served with every meal, and the country had a wide variety of delicious cuisines. Before the trip, I researched enough information so I wouldn't feel culture shock. I will probably go back there soon.
