

Trainers and IT Managers: Manage IT Learning for FREE!

Courseware AND Learner Group Administration for Trainers and Managers now free with ALISON!

Are you offering IT-skills training to your staff? Would you like everyone within your company to become fully IT literate? If so, ALISON's latest free service IS for you!

In another revolutionary step towards making **all** learning free online, ALISON is releasing **free learning management functionality to all Trainers and Managers to complement the highly popular free ALISON ABC IT certification**. Trainers can now monitor and manage group-based staff learning for free with ALISON Manager!

With ALISON Manager you can:

- Create your own online classes/groups of learners.
- Track their progress and assessment results.
- Create reports of all staff learning activity.
- Message your learners and much more...

No Excuses! Now everyone in your company can become IT literate!

As a registered member of the ALISON Learning Community you can set up a free ALISON ABC IT learner group. ALISON ABC IT is a comprehensive IT skills training programme covering the basic concepts of computing, office applications and practical IT skills such as touch typing.

ARRANGE A DEMONSTRATION!

If you are a Manager or IT Trainer within a company and would like a demonstration of ALISON Manager free of charge, a member of our Trainer Liaison Team led by Maureen Berry would be delighted to help. You will be shown via Web conference how the tool will work for you. Contact Maureen directly at mberry@alison.com.

For further information on this latest free offering from ALISON, including ALISON Manager and ALISON ABC IT, please contact training@alison.com.
