

UK SCHOOLS OFFER: Manage IT Learning for FREE!

Courseware AND Learner Group Administration for Teachers/Tutors now free with ALISON!

Are you an IT-skills Teacher or Tutor? Would you like both students and teachers within your school or college to become fully IT literate? If so, ALISON's latest free service IS for you!

"... we use your online training as a back up to our taught sessions. It's an excellent resource which our students enjoy using in the lessons and to revise with at home. Its uncluttered format makes it clear and easy to follow. Thanks - we love it!"

- Lesley Atwick, IT Lecturer, Hill Education and Conference Centre, Abergavenny, Wales.

In another revolutionary step towards making all learning free online, ALISON is releasing free learning management functionality to all IT Teachers to complement the highly popular free ALISON ABC IT certification. Teachers can now monitor and manage classes with far greater ease and efficiency for free with ALISON Manager!

With ALISON Manager you can:

- Create your own online classes of learners.
- Track student's progress and assessment results.
- Create reports of all learning activity.
- Message your students and much more...

No Excuses! Now everyone in your school or college can become IT literate!

As a registered member of the ALISON Learning Community you can set up a free ALISON ABC IT learner group. ALISON ABC IT is a comprehensive IT-skills training programme covering the basic concepts of computing, office applications and practical IT skills such as touch typing.

ARRANGE A DEMONSTRATION!

If you would like a demonstration of ALISON Manager free of charge, a member of our Trainer Liaison Team led by Maureen Berry would be delighted to help. You will be shown via Web conference how the tool will work for you. Contact Maureen directly at mberry@alison.com.

For further information on this latest free offering from ALISON, including ALISON Manager and ALISON ABC IT, please contact training@alison.com.
