Connect with me!

I hope you enjoyed the Alison course, "Understanding Genetics and Evolution Through Biological Anthropology." Your Bonus materials are included in this PDF, so be sure to check them out!

Want to connect with me outside of class? Below are links to my website and social media. I love connecting with my students!

Wondering what that tube is on my face? It helps me breathe! I'm living with a progressive neuromuscular disease, so I now use a wheelchair to get around, a feeding tube to eat and drink, and a ventilator to breathe. All this does not stop me from teaching!

Thanks for taking this course, and I hope to see you again in another Anthropology 4U course!

Best Wishes,

Keirsten
