

Write six sentences. Use articles, countable and uncountable nouns, much, many, some, any, and coordinating conjunctions.

Example:

My favorite restaurant is the Coffee Lovers Café. There's not much on the menu, but I usually order a cup of iced coffee and any slice of cake available. But, my favorite one is their chocolate cake. Sometimes, I eat lunch there, do some work on my computer, or hang out with my friends when I have nothing important to do.
