YOUTH SERVICE

Could you enthuse and motivate young people whilst promoting healthy lifestyles, using ICT and music technology, whilst climbing a rock face in a canoe?

We will not ask you to do all that, but if you like variety in your youth work role, then you could be the person we are looking for. Innovative and imaginative, you could be working from a converted chapel, working alongside the children's fund or working within a school. Some of the work is already established but there is scope to develop specialist work as well as the opportunity to shape new initiatives. The Council is committed to providing an extensive range of staff development opportunities. A generous allowance may be available for assistance with relocation expenses.
