

Activity 16: Review Current Health and Safety Policies

Time: 10 to 20 Minutes

If you currently work at a warehouse, review your company's health and safety policies. If you do not, take a few extra minutes and browse around online, looking for sample plans or publicly available ones from existing companies. Take a look at the plan in detail and ask yourself if there are any areas you believe they have not covered. Do you have any questions or concerns after reading the document? What further information could the company provide that addresses those issues?
