Task 2: Tailoring and the Project Context

Using the WLG scenario and the table below, based on each project's context, decide which projects are relevant to the various influencers and common situations of: 'Complexity', 'Delivery Approach', 'Customer/Supplier relationship', 'Multi-owning organizations' and 'Stand-alone/Part of Programme'. Make your choices by ticking in the relevant boxes.

	Tailoring influenced by project's context (Ref. 4.3.3)					
	Common Situations (Ref. 4.3.4)				Stand-alone or part of Programme? (Ref. 4.3.4.5)	
	Relative Complexity/Scale? (Ref. 4.3.4.1)		Delivery Approach? Waterfall or Agile? (Ref. 4.3.4.2)		Customer/Supplier relationship(s)? (Ref. 4.3.4.3)	
	Simple	Complex	Waterfall	Agile	Not Commercial/Contractual	Commercial/Contractual
