

Features by platform

Even though the range of functions is largely identical on the different devices, there may still be minor differences. You can find detailed information about the differences in the links below.

Since Microsoft is constantly expanding the functionality, it makes more sense to provide you with this information as a link. This way you will always stay up to date.

<https://support.microsoft.com/en-us/office/teams-features-by-platform-debe7ff4-7db4-4138-b7d0-fcc276f392d3>

Please note that some features may not be available to you if the Teams administrator has decided not to enable them for your organization.

The "Roadmap" provides information about planned updates:
