## Because Your House Deserves the Royal Treatment

Dear Neighbor:

You demand excellence in every aspect of your life and your home is no exception. But how often do you find yourself strapped for time and unable to create the kind of sparkling house you can feel proud of?

Your neighbors know how to achieve an immaculate home – and peace of mind – without lifting a finger. They trust the Queen of Clean.

*“Before Queen of Clean came to my rescue, every time the doorbell rang, I worried about whether my bathroom was clean enough. Your weekly service is a sanity-saver.”--*  
Jill A. Brown, Newton

We are a small, family-owned local business staffed by licensed, bonded cleaning professionals. Satisfying the refined tastes of greater Boston households for over five years, Queen of Clean listens to you, and matches your needs and preferences with a qualified pro.

*“Those big cleaning services sent someone new every time, and they never remembered to clean the litter box or do the other little things I asked for. I love having the same person come every time. And since Mary’s an animal-lover, I never have to worry about my pets.” – Ron B. Smalls, Andover*
