

Module 9 - Activity 2: Pretend to Invest in Cryptocurrency

Time: 10 to 15 Minutes

Pretend you had £5,000 to invest in cryptocurrency. Which coins would you invest in and why? Make a list of five or six coins you might consider and write down a list of the pros and cons of investing in each, using the descriptive paragraphs above as a guide.

When you have completed your list, look each one up on an exchange and write down how much it would cost to invest. With your £5,000, which coins would you want to invest in or trade the most, in what quantity and why?
