

## **Module 10 - Activity 2: Write About a Cryptocurrency Transaction**

*Time: 10 to 15 Minutes*

Now that you have completed the Cryptocurrency Course, you should know how to complete a cryptocurrency transaction, such as making an online purchase, paying an invoice, or investing.

Pick a transaction and write out how it is completed in step-by-step form.

Familiarising yourself with how you are going to complete a transaction ahead of time can inspire confidence and reduce the risk of errors.
