

Links And Resources

All the links to resources I have used in this class

Adobe Xd

Download Adobe Xd to follow along this class. You can download it [from the link here](#).

Images, Icons & Illustrations

All images, icons and illustrations are from Envato Elements. To see the full collection, [click on this link](#).

Google Font

I used the Poppins font from Google Fonts. You can [download it here](#).

My Membership

Get all my products, courses, mentorship, project files and more in my membership. [Check it out on this link](#).

Web Donut Resources

Get the resources mentioned in this class. Use the code **TRAVEL** at checkout to get the discount. Check them out [on this link](#).

You Tube Channel

Weekly videos on design, passive income techniques, motivation and more. Check out [the channel here](#).

Check out the Adobe Xd Basics [course here](#) to get to know Adobe Xd better.

Facebook Group

Join my private student Facebook group for inspiration, help and tips. To join, please [click on this link](#).

Image Optimization Tools

Always optimize your images for sharing, better SEO and smoother experience. Check out [RIOT for Windows](#) and [Image Optim for Mac](#).

Thank you for watching and stay creative!
