

Module 4 - Activity 2: Write a Pros and Cons List

Time: 10 to 15 Minutes

There are strong arguments on both sides of the cryptocurrency regulation debate. On one hand, decreasing the anonymity factor of cryptocurrency transactions could reduce organised crime.

On the other hand, one of the main appeals of cryptocurrency is the high level of privacy. What are the pros and cons associated with regulating cryptocurrency? Is the loss of this level of privacy worth it? Why or why not?
