

GOAL SETTING

MODULE 2: IDENTIFICATION
WHO ARE YOU?

Action Steps... Getting
closer to reach my
goal

ACTION STEP

This action step is about identifying who I am and how I was able to get to where I am today.

This exercise will allow me to look back at specific moments in time when I was successful by completing the sections on my comprehensive resume that can be found here:

<http://www.knownsuccess.com/select-comprehensive-resume.php>

Focusing on my past, present and future will give me a clear vision of who I was, who I am and who I want to be in the future. Those moments are an integral part of my personal development and will help me reach my goals.

There are many sections to the comprehensive resume. I can either select to complete all of the sections, or just focus on those sections that are the most important to me. Either way, those sections are the ones that speak out to me the most and those answers will allow me to dig deep in my mind to find solutions to moments that have happened in my life, as well as feel great moments that I have had in my life.

I will also have the opportunity to change and edit those areas as I see needed. I can always come back to make more changes and to add/change answers.

I will get started now, by clicking [here!](#)

I can reach your goals. I will keep moving forward!
