

# Hospitality Finance A-Z

Complete Understanding of financial Reporting in hospitality Industry  
F&B Revenue & Cost Management

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

1

- Key Areas we will discuss in this Workshop are
  - F&B Operation Concepts
  - Covers & Revenue Analysis
    - Cover Analysis Report
    - Market Segment Report for Banqueting & Restaurants
  - Menu Engineering
  - Food & Beverage Cost
  - Potential Cost Reports
  - Cost Management tricks and ideas
  - FnB labour cost Management

# FnB Business Cycle

- Before Guest Arrival**
  - Restaurant Concept
  - Menu Design & Costing
  - Advertising & Marketing
  - Booking & Reservations
- Guest At Restaurant**
  - Welcome / Starting appetizers
  - Guest Ordering
  - Communication to Kitchen
  - Preparation of food
  - Serving of Food
  - Upselling of Beverages and Desserts
  - Clearing & Billing
- After Guest Visit**
  - Loyalty Programs
  - Guest Feedbacks and reviews
  - Billing for Banquets

The diagram illustrates Banqueting Operations through six colored boxes arranged in a 2x3 grid. The top row includes: 'Social Functions, Meetings & Conventions' (orange), 'Bulk Guests' (grey), and 'Planning & Execution' (yellow). The bottom row includes: 'Non Standard settings, menu' (blue), 'High potential of wastage and' (green), and 'Biggest opportunity of profit maximization' (orange). The text 'Banqueting Operations' is centered at the bottom. The Excel Finance Academy logo is in the top right corner.

Social Functions, Meetings & Conventions

Bulk Guests

Planning & Execution

Non Standard settings, menu

High potential of wastage and

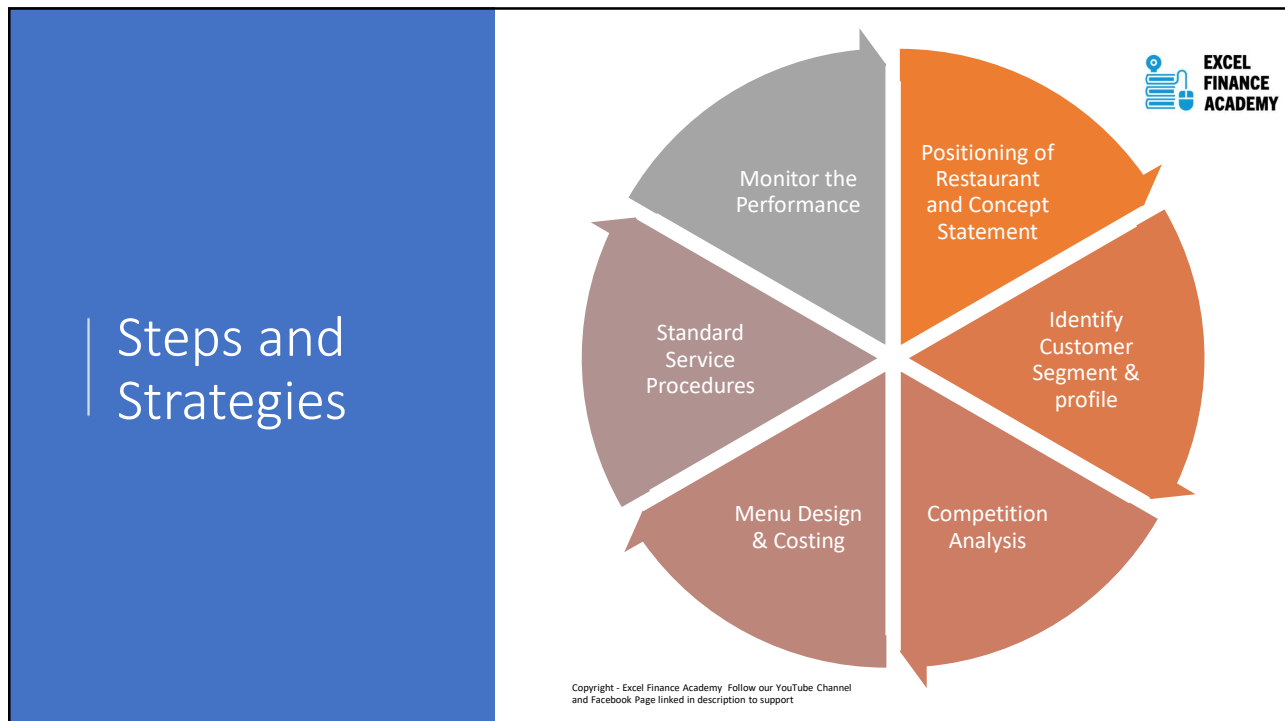

Biggest opportunity of profit maximization

Banqueting Operations

EXCEL FINANCE ACADEMY

6

# Positioning & Concept

Lower Income Range, Middle Income, High Income, Upscale

Casual Dining, Fine Dining, Family style

Cuisine Specialty

Location Characteristics

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

7

# Customer Segmentation & Profiling

Customer Segmentation & Profiling

- How

  - Businesses for Meetings
  - Families for Fun
  - Social Functions
  - Tourist Groups
- Why

  - Price Sensitivity
  - Service & Facility Requirements
- Profile

  - Age
  - Income Group
  - Habits, Mode of booking

## SWOT Analysis

**SWOT Analysis**

While conducting a SWOT analysis

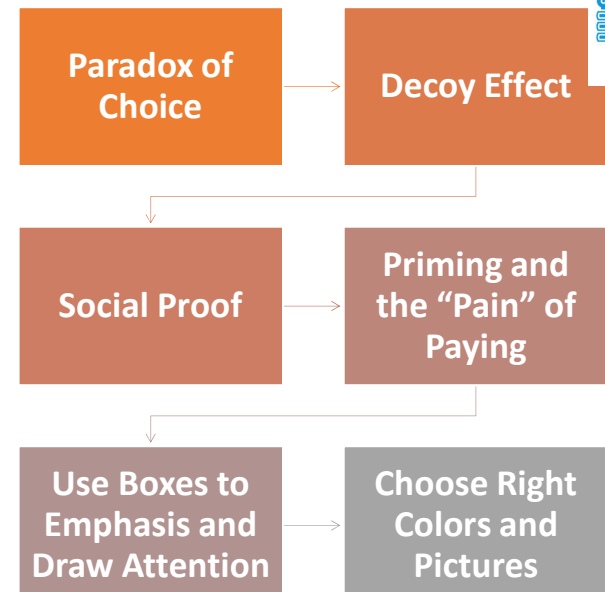

- ❑ Analyze the internal & external factors that affect hotel's goal of maximizing revenue
- ❑ Develop strategies that will improve your hotel's competitive position

	Favorable	Unfavorable
Internal	<b>Strengths</b> Attributes that are helpful Eg. Meeting room has recently been refurbished	<b>Weakness</b> Attributes that are not helpful Eg. Reputation scores are low and staff lack in skill
External	<b>Opportunities</b> External condition helpful Eg. A new corporate is moving office close to your hotel	<b>Threats</b> External conditions can damage goals Eg. Comp offering lower rate but offering higher perceived value

9

# Menu Design Principals

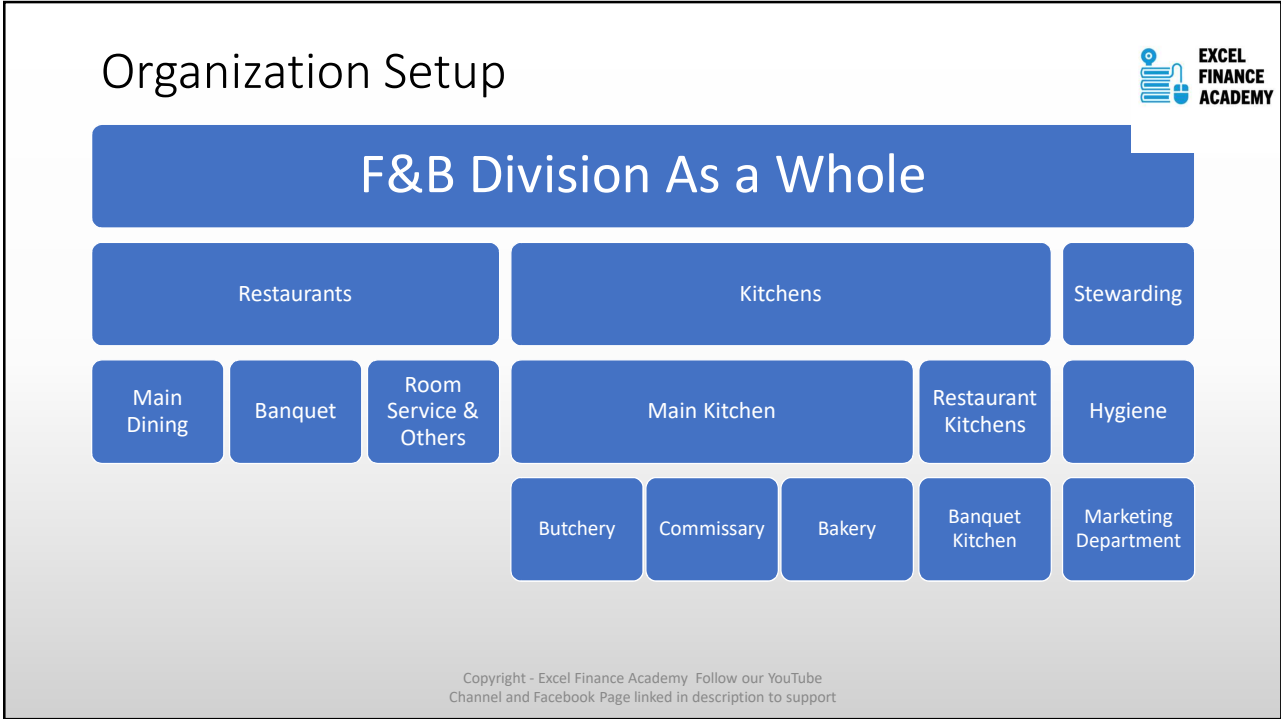

```

graph TD
    A[Paradox of Choice] --> B[Decoy Effect]
    A --> C[Social Proof]
    A --> D[Priming and the "Pain" of Paying]
    C --> E[Use Boxes to Emphasis and Draw Attention]
    D --> E
    D --> F[Choose Right Colors and Pictures]
    E --> F

# Cost Calculations

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

23

Supposed to be cost assuming no wastage, spillage or rebates

Why is important?

- Indicators of Wastage / Spoilages & Damages
- Post Function Rebates & Discounts
- Improper Transfer of cost from main Kitchens
- Not following standard recipes
- Other Factors

Standard Deviation Allowed = +5 %

## Potential Cost Reports

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

24

## How to Calculate Potential Cost

- Standard Recipe Cost
- Quantity Sold for Menu Item
- Standard Planned cost for buffet & functions
- Reduce Damages / Spoilage Reported
- Compare with Actual cost

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

25

## Cost Management Tricks

```

    graph TD
      A[Analyze Food cost for each outlet.] --> B[Potential Cost Report]
      B --> C[Check for Wastage, Spoilage Report from Buffet]
      C --> D[Prices of imported items]
      D --> E[Portion Controls / Check Food Thrown away through stewarding]
      E --> F[Recipe Engineering]
    
```

Copyright - Excel Finance Academy Follow our YouTube Channel and Facebook Page linked in description to support

26

What is labour cost ? Fixed, Variable, Semi Variable

Productivity Reports

- Covers Served per Service Staff
- Service Standard Ratios and controlling actual covers

Zero Base Manning

What Automation or Equipments can help to control manning.
